Dear Mr. Abrams:

The Oakland Alliance of Black Educators (OABE) is proud to announce its Nineteenth Annual Spring Conference to be held on May 5-6, 2000 at the Oakland Marriott City Center. This year's theme "Education or Mis-education in the 21 st Century: A Challenge to the Village" will be explored in over 18 sessions and workshops designed to focus on strategies or programs that enable African American students to be more successful learners; teachers to be effective facilitators; and parents to be more effective nurturers.

This communique confirms your participation at our conference as recipient of the Living Legend Award. The Living Legend Award presented at our Annual Conference acknowledges individuals who are the cornerstones of our community. You will receive your award at our banquet on Saturday, May 6, 2000. The Banquet will be held in the West Hall of the Scotlan Convention Center from 8:00-10:00 PM. Upon your arrival, a member of the Registration Committee will direct you and your guest to your reserved seat.

We certainly appreciate your outstanding educational contributions as you present and highlight the social, religious, educational and political issues impacting the Oakland / Bay Area African American community. The Oakland Alliance of Black Educators also commends you for your unwavering support of our organization's goals of advocating for and empowering our African American students, educators and community.

Sincerely,

Dear Mr. Abrams,

Thank you very much for hosting the Public Affairs Directors Ascertainment meeting on Wednesday. We had a very good group of panelists, and KQED-FM will be able to use some of their information in programming.

I am contacting two of the panel members to ask them to audition for our Perspective series, which is a two minute commentary heard three times a day on KQED-FM.

Again, thanks for your efforts in making our meeting so worthwhile.

Sincerely yours,

Dear Mr. Abrams:

The 1989-90 school year was a most eventful one for the staff and students at Dewey High School.

It was the year for the school's Accreditation Review, an evaluation of the instructional program by the Western Association of Schools and the State Department of Education. I am happy to report to our friends, parents, and community that Dewey received the highest rating, a six year accreditation term. The support you provided to the school, certainly, helped to make this success possible.

For the many speakers who provided career information for the students, the counseling services from community organizations, invitations to special events, fieldtrips, career exhibitions, health services, donations of time and expertise, financial assistance, and positive publicity for Continuation Education programs, we are grateful.

Again, thanks for your personal involvement in helping to make this a year of outstanding accomplishments for Dewey High School.

Sincerely,

Dr. Lillian J. Wright

Dear Mr. Abrams:

We are indeed grateful to you for the most inspiring message you brought to the students at the Awards Assembly on Wednesday, May 23, 1990. Your message challenged the students to develop pride, confidence, respect, and love for themselves and black people. The characteristics of a real man were vividly highlighted and a much needed emphasis for young black males today.

Thank you for taking time from your very busy schedule to share these words of wisdom with Dewey students. You are indeed an asset to the Black race and the Oakland community.

May God continue to bless you in your quest to help others.

Dear Eddie:

I received the invitation from the San Francisco Foundation to the reception honoring you and the other recipients of the Daniel Koshland Civic Unity Awards. I regret that congressional commitments in Washington, D.C. precluded my attending.

The editorial in the April 11th edition of the Oakland Tribune entitled "Vive les volunteers" was a well deserved tribute to volunteers in the Elmhurst district who have worked tirelessly toward the betterment of their community. You are among the stalwart volunteers. I commend you for all that you continue to do to make a difference in the lives of others.

Your good deeds have not gone unnoticed and I am pleased to join your admirers in publicly thanking you for a job well done.

My sincere congratulations on what was a tremendous event! I use the word tremendous consciously because I know what kind and amount of work went into putting it on. Everything was done in a first-class way. I think that this is so important. We have the resources and the ability to do things "correctly." Thank you for running things in a timely way. It is time that we realize that timing is a very important facet of life. When things are done in a "timely" manner they run more smoothly and we are able to tap into "universal energies."

Thank you for asking me to be a part of your dream.
